

# Your Health Naturally

Brought to you by LOCKER FAMILY CHIROPRACTIC

VOL III

Dear Patients,

Welcome to our fall health and wellness letter. We are focusing on children and heading back to school in this issue. Summer travels and the long days of sunshine and evening bbqs are winding down as the seasons transition from summer into fall. Kids go through a large transition too, especially if they're changing schools. This means longer hours sitting, more homework, more intense sports and bigger backpacks. Probably even more taxing on our kids is the increased stress. I hope you find some useful information in the letter, and I hope you will consider your kid's nervous systems and make sure they get spines checked on a regular basis.

I also want to take this time to invite you all to our "**Patient Appreciation Week**" coming up in October. This is our way of saying thank you for being a part of our lives and congratulating you on choosing healthcare instead of "sickcare". All of you are much more than mere patients. Stacey and I consider you part of our extended family and our friends. As a thank you, all services for current patients are 50% off. This may be an opportunity to take new x-rays if they are overdue or to come in for an extra visit. There will also be opportunities to win prizes such as massages, supplements and others fabulous prizes. We are going to dedicate an entire week to make sure that everyone will be able to participate

In addition, we want to expand our current patient base. This is the most affordable time of the year to start care. If you know anyone, family members, or friends and colleagues who can benefit from improved nerve function and less pain, please send them our way. Because chiropractic was founded in 1895 new patient exams are \$18.95, x-rays (each area) are \$18.95 and their first adjustments are only \$18.95.

Let's make this a totally crazy and fun week!

---

## NO BONES ABOUT IT!! WE APPRECIATE YOU!!

It's time we celebrate that fact. Since opening the doors of Locker Family Chiropractic in 2006 we have helped many people with their health care needs. It has been with YOUR help, spreading the word and referring friends and family. We want to show our appreciation to you, our patients.

During the week of October 19th through the 23rd we will be holding

### PATIENT APPRECIATION WEEK!!

All current patients will receive 50% off adjustments.

There will be Refreshments, Games and Prizes.

New patients, such as friends and family you invite, will receive all services for only \$18.95 each.

At this time we remember that if it wasn't for you and the results you receive as well as the good things you say about us, that we would not be as successful as we are in helping with people's healthcare needs in our community.

We urge you to come join the fun!
